Price: \$119.99

For all of you that have been looking for that

HID kit to install in your custom bike but can't fit that big ol' ballast

in the bucket with all them wires, HERE YOU GO!!!

NOTE: This is the 10,000K kit, we also Have a 6000K and 8000K

This kit will have a Bluish to almost Ultra Violet Color

The 8000K kit is BLUE and not white.

And the 6000K kit is pure white with a blue sparkle, it is the brightest of the three.

- HID Low Beam and 35W Halogen High Beam bulb
- Micro Digital Ballast
- H4 Direct plug in
- 8000K color scale (More Blue color than the 6000K)
- Draws only 3.5 AMPS !!!
- Much, Much brighter than stock
- Whitish Ultra Violet Color

Here Is a Cool Video of my 6000K HID kit - Click the picture:

Harness and Ballast come pre zip tied to "Drop-In" and Plug-&-Play with most all Custom Bike Headlight buckets that are similar to the Big Dog & American Ironhorse units.
