HID Kit H4 12000K BIG DOG ONLY

Price: \$119.99

For all of you that have been looking for that

HID kit to install in your custom bike but can't fit that big ol' ballast

in the bucket with all them wires, HERE YOU GO!!!

NOTE: This is the 12,000K kit, we also Have a 6000K, 8000K and 10000K

This kit will have a White/Ultra Violet Color

The 6000K kit is pure white with a blue sparkle, it is the brightest of the three.

But this 12000K being the lowest Lumen output of them all is still DOUBLE

the Lumen of the stock H4 bulb!!!

- HID Low Beam and 35W Halogen High Beam bulb
- Micro Digital Ballast
- H4 Direct plug in
- 12,000K color scale
- Draws only 3.5 AMPS !!!
- Much, Much brighter than stock
- Whitish Ultra Violet Color

Here Is a Cool Video of my 6000K HID kit - Click the picture:

Harness and Ballast come pre zip tied to "Drop-In" and Plug-&-Play with most all Custom Bike Headlight buckets that are similar to the Big Dog & American Ironhorse units.
